About

I am a seventh-semester Informatics student at Gunadarma University, specializing in Full-Stack Development. I actively participate in student organizations such as GDSC and I/O. My programming skills include frontend technologies like HTML, CSS, JavaScript, React.js, and Next.js, as well as CSS frameworks such as Bootstrap and Tailwind. On the backend, I have experience with Node.js, Laravel, and Golang. I am proficient in using GIT and GitHub, and I have experience working with various APIs and database systems, including MySQL and MongoDB. Additionally, I have expertise in creating Web3 Decentralized Finance Apps.
